Part X Public Charity Status

Part X is designed to classify you as an organization that is either a **private foundation** or a **public charity**. Public charity status is a more favorable tax status than private foundation status. If you are a private foundation, Part X is designed to further determine whether you are a **private operating foundation**. (See instructions.)

- 1a Are you a private foundation? If "Yes," go to line 1b. If "No," go to line 5 and proceed as instructed. If you are unsure, see the instructions. Yes No
- b As a private foundation, section 508(e) requires special provisions in your organizing document in addition to those that apply to all organizations described in section 501(c)(3). Check the box to confirm that your organizing document meets this requirement, whether by express provision or by reliance on operation of state law. Attach a statement that describes specifically where your organizing document meets this requirement, such as a reference to a particular article or section in your organizing document or by operation of state law. See the instructions, including Appendix B, for information about the special provisions that need to be contained in your organizing document. Go to line 2.
- 2 Are you a private operating foundation? To be a private operating foundation you must engage directly in the active conduct of charitable, religious, educational, and similar activities, as opposed to indirectly carrying out these activities by providing grants to individuals or other organizations. If "Yes," go to line 3. If "No," go to the signature section of Part XI. Yes No
- 3 Have you existed for one or more years? If "Yes," attach financial information showing that you are a private operating foundation; go to the signature section of Part XI. If "No," continue to line 4. Yes No
- 4 Have you attached either (1) an affidavit or opinion of counsel, (including a written affidavit or opinion from a certified public accountant or accounting firm with expertise regarding this tax law matter), that sets forth facts concerning your operations and support to demonstrate that you are likely to satisfy the requirements to be classified as a private operating foundation; or (2) a statement describing your proposed operations as a private operating foundation? Yes No
- 5 If you answered "No" to line 1a, indicate the type of public charity status you are requesting by checking one of the choices below. You may check only one box.
The organization is not a private foundation because it is:
 - a 509(a)(1) and 170(b)(1)(A)(i)—a church or a convention or association of churches. Complete and attach Schedule A.
 - b 509(a)(1) and 170(b)(1)(A)(ii)—a **school**. Complete and attach Schedule B.
 - c 509(a)(1) and 170(b)(1)(A)(iii)—a **hospital**, a cooperative hospital service organization, or a medical research organization operated in conjunction with a hospital. Complete and attach Schedule C.
 - d 509(a)(3)—an organization supporting either one or more organizations described in line 5a through c, f, g, or h or a publicly supported section 501(c)(4), (5), or (6) organization. Complete and attach Schedule D.

Part X Public Charity Status (Continued)

- e 509(a)(4)—an organization organized and operated exclusively for testing for public safety.
- f 509(a)(1) and 170(b)(1)(A)(iv)—an organization operated for the benefit of a college or university that is owned or operated by a governmental unit.
- g 509(a)(1) and 170(b)(1)(A)(vi)—an organization that receives a substantial part of its financial support in the form of contributions from publicly supported organizations, from a governmental unit, or from the general public.
- h 509(a)(2)—an organization that normally receives not more than one-third of its financial support from gross **investment income** and receives more than one-third of its financial support from contributions, membership fees, and gross receipts from activities related to its exempt functions (subject to certain exceptions).
- i A publicly supported organization, but unsure if it is described in 5g or 5h. The organization would like the IRS to decide the correct status.

6 If you checked box g, h, or i in question 5 above, you must request either an **advance** or a **definitive ruling** by selecting one of the boxes below. Refer to the instructions to determine which type of ruling you are eligible to receive.

- a Request for Advance Ruling:** By checking this box and signing the consent, pursuant to section 6501(c)(4) of the Code you request an advance ruling and agree to extend the statute of limitations on the assessment of excise tax under section 4940 of the Code. The tax will apply only if you do not establish public support status at the end of the 5-year advance ruling period. The assessment period will be extended for the 5 advance ruling years to 8 years, 4 months, and 15 days beyond the end of the first year. You have the right to refuse or limit the extension to a mutually agreed-upon period of time or issue(s). Publication 1035, *Extending the Tax Assessment Period*, provides a more detailed explanation of your rights and the consequences of the choices you make. You may obtain Publication 1035 free of charge from the IRS web site at www.irs.gov or by calling toll-free 1-800-829-3676. Signing this consent will not deprive you of any appeal rights to which you would otherwise be entitled. If you decide not to extend the statute of limitations, you are not eligible for an advance ruling.

PART IV: NARRATIVE DESCRIPTION OF THE ORGANIZATION'S ACTIVITIES

MPPA was formed in 1996 and incorporated in 1997. Membership is not limited to those living on the pond, but rather is open to all persons interested in the goals of the organization.

The primary purposes of the Messer Pond Protective Association, Inc. (MPPA) are threefold: environmental, educational, and effective public access. See Article II, Section 2.1 of MPPA's Articles of Agreement.

Environmental Activities: MPPA administers and participates in the following four major pond protective programs to monitor and ensure the health and high water quality of the pond now and in the future:

1. **Lake Host™ Program** under the direction of the New Hampshire Lakes Association: This is a joint environmental and educational program. Lake hosts, both paid and volunteer, educate boaters on the threat of invasive plant species to New Hampshire water bodies and on how to properly inspect their boats and trailers to ensure that they do not unwittingly transport invasive plant species from one water body to another. Invasive plants grow many times faster than native plant growth and can quickly overtake water bodies adversely affecting native plant life, fish, and recreational use of the water body. Messer Pond is particularly vulnerable as it is relatively small and shallow and, importantly, very popular with fishermen throughout the New England region. The Lake Host™ program is the first line of defense against the introduction of invasive plant species. Since 2007 MPPA has used both paid and volunteer lake hosts to help protect Messer Pond during the summer season. To date, paid lake hosts have not been residents of Messer Pond. MPPA has partnered with neighboring Lake Sunapee Protective Association to share paid lake hosts.
2. **Weed Watch Program:** This program is also an environmental protective program. Since 1996 volunteer "weed watchers" have patrolled the shores of Messer Pond on a monthly basis May through September to ensure that no invasive plants have been introduced into the pond. This is the second line of defense against the introduction of invasive aquatic plants. Any "questionable" plants are submitted to the New Hampshire

FORM 1023 CONTINUATION PAGES

Department of Environmental Services for identification. MPPA currently has 18 volunteers participating in this program.

3. **New Hampshire Volunteer Lake Assessment Program:** Since 1996, MPPA has regularly sampled the waters of Messer Pond during the months of June through September to monitor the water quality of the pond in conjunction with the New Hampshire Department of Environmental Services Volunteer Lake Assessment Program. The testing involves numerous measures including phosphorous, pH, chlorophyll-a, oxygen levels, turbidity, conductivity, and transparency, E. coli, cyanobacteria and acid neutralizing capacity. The water tests are evaluated by the New Hampshire Department of Environmental Services.
4. **New Hampshire Volunteer River Assessment Program:** This program is also administered by the New Hampshire Department of Environmental Services. Under this program, since 2009, MPPA has regularly sampled tributaries feeding Messer Pond to monitor the water quality of these tributaries and to identify any threats from those tributaries to the continued health of Messer Pond. Testing involves the same measures as item 3 above.

In addition to these regular programs, twice a year, in the spring and in the fall, MPPA conducts "Clean Up Messer Pond" days. Volunteers clean the culverts around the pond of debris to reduce the amount of sand and silt that get into the pond. MPPA has partnered with the Town of New London on this project thereby helping the town to ensure that watersheds do not adversely impact the local water bodies.

MPPA coordinates and interacts regularly with other lake associations in the region, namely, the Lake Sunapee Protective Association, Pleasant Lake Protective Association, and Little Lake Sunapee Protective Association, on environmental and conservation efforts relevant to water bodies in the region. All of these associations are 501(c)(3) corporations, the most recent being the Little Lake Sunapee Protective Association which received its approval in January 2011.

MPPA also cooperates and interacts regularly with state and local agencies and Colby-Sawyer College regarding environmental and safety issues relevant to the pond and the general public's access to the pond. In addition, MPPA is a proud member of the New Hampshire Lakes Association, the Lake Sunapee Protective Association, Ausbon Sargent Land Preservation Trust, and the Loon Preservation Committee.

Educational Activities: MPPA has an active educational program involving both MPPA members and members of the general public.

1. **Weed Watch and Lake Host™ Instruction:** An MPPA director regularly hosts classes and refresher courses for MPPA members on exotic and native plant species as well as proper lake host inspection techniques and interactions with boaters. Lake hosts also

FORM 1023 CONTINUATION PAGES

educate boaters using the pond about invasive plant species and the dangers of transporting such plants.

2. **Boat Inspections:** Lake hosts instruct boaters entering and leaving the pond on proper inspections of their boats for exotic plants. Boaters are generally from all over the New England area.
3. **Educational Seminars:** Twice annually MPPA hosts educational seminars that are open and advertised to the public. Topics have included proper well design and maintenance; protection of and proper interaction with loons; the impact of the 1938 hurricane on Messer Pond and other water bodies in New Hampshire; results of the water chemistry analysis of Messer Pond conducted by Colby-Sawyer College; how to use the town's online GIS software, a land assessment mapping computer program for the Kearsarge Lake Sunapee region; on-pond demonstration and presentation of dog sledding; and demonstration of ski joring, a sport involving a horse and rider towing a skier.
4. **Annual Meeting Speaker:** In addition, MPPA hosts an educational speaker for its annual meeting of the membership. Anyone interested in the goals of MPPA may join the association and attend the annual meeting. Topics have included proper pondside gardening, plant species identifications and the importance of weed watch and Lake Host™ programs, and the New Hampshire Department of Environmental Services 2009 evaluation of Messer Pond water quality.
5. **Watershed Evaluation:** In 2008, MPPA hired an engineering firm to conduct an evaluation of the Messer Pond watershed. That evaluation included an overview of the uses and activities within the watershed; potential impacts associated with runoff within the watershed including drive areas, culverts, road ditches, interstate drainage; issues on individual lots and new development of lots within the watershed; slope concerns and a review of Messer Pond's perimeter with specific input from members about known issues. Significantly, the evaluation also included recommendations and options for corrective action. The watershed evaluation, as well as a Homeowners Guide to Best Management Practices, is available to the membership and the general public on our website.
6. **Boating Safety:** MPPA maintains a boating safety web page on its website in which the most important rules are highlighted and a link is provided to the current Boater's Guide of New Hampshire produced by the New Hampshire Department of Safety Marine Patrol.

Regional Educational Activities: MPPA regularly participates in educational activities involving other area water bodies as follows:

- For the past two years, MPPA has been an active participant in the Sunapee Area Watershed Coalition (SAWC). SAWC is a coalition of area towns and organizations dedicated to increasing awareness of the Lake Sunapee watershed and formulating clear

FORM 1023 CONTINUATION PAGES

guidelines for responsible, long-term stewardship of the wider resources in those areas. A major goal of the coalition was to promote cooperation among Sunapee area towns in using those guidelines. Through the work of the SAWC participants and the New Hampshire Department of Environmental Services, SAWC ultimately developed a comprehensive watershed management plan that was of relevant value to all area water bodies. SAWC presented its findings to all participating area towns and is working with those towns for implementation of effective regional watershed protective public policies. Representatives from the Lake Sunapee, Little Lake Sunapee, and Pleasant Lake Protective Associations as well as MPPA were participants in this endeavor.

- Over the past year, MPPA board members have actively participated in the Lake Sunapee Watershed Infrastructure Project. This project is the result of a grant awarded by the National Oceanic and Atmospheric Administration (NOAA) to several New England researchers to investigate the adequacy of stormwater infrastructure in the 50 square mile area of the Lake Sunapee watershed. NOAA awarded the Lake Sunapee Protective Association and a team of scientists from Antioch University New England and Syntectic International of Portland, Oregon the grant to study and prepare the Lake Sunapee watershed for increased stormwater runoff. The Project has involved various Task Force Meetings in which MPPA has actively participated.
- MPPA Board members attend (at their own expense) annual joint water and watershed conferences organized by the New Hampshire Department of Environmental Services, New Hampshire Rivers Council, University of New Hampshire, United States Geological Survey and others. These conferences offer educational sessions on various topics such as watershed management plans; water policies and agency programs; water education and outreach; proper septic maintenance; exotic plant species; water quality testing, securing grant funding; wildlife protection on water bodies; and understanding your watershed and how it impacts your water body.
- MPPA members regularly attend (at their own expense) annual lakes congresses sponsored by the New Hampshire Lakes Association, a non-profit organization dedicated to the protection of New Hampshire water bodies. These lakes congresses offer seminar sessions on a variety of issues related to the protection of New Hampshire water bodies.
- MPPA Board members also attend specialty conferences offered throughout the state including such topics as Canada Geese Management and The Road Less Salted: Water Quality and Salt Reduction.
- Website: MPPA's website regularly lists area-wide educational events. The website is available to the general public. The website also includes copies of, and/or links to, a variety of educational material regarding protection of the pond.

General Public Access: Messer Pond is a public access water body and is very popular with fishermen and recreational boaters with smaller size boats. Anyone can access the pond through

FORM 1023 CONTINUATION PAGES

the boat launch on Bog Road and enter through an unlocked iron gate at any time and at no charge. The public access is well noted on our website and in our brochure which is available at the Town of New London's government office, the New London Information Booth, with real estate agents in town, and at the public boat launch during the summer.

- Fishermen throughout the New England area seek out Messer Pond for its large variety of fish, particularly largemouth and smallmouth bass. Messer Pond is home to over 14 varieties of fish including largemouth and smallmouth bass, yellow perch, chain pickerel, pumpkinseed/common sunfish, brown bullhead, American eel, common white sucker and golden shiner. In 2010 the Messer Pond Protective Association started an annual fish stocking program with the approval of the New Hampshire Fish & Game department and paid for the stocking of rainbow trout to add to the population of fish in the pond for the enjoyment of the many visiting fishermen. MPPA recognizes the economic benefits to both the town and the state of attracting fishermen who must purchase a state fishing license annually and who may also purchase fishing supplies, sustenance and fuel from local businesses. MPPA also recognizes the environmental benefits of stocking fish and conserving the pond's wildlife.
- New London Elementary School annually uses the pond to teach children about ice fishing during the winter.
- The Kearsarge Council on Aging annually uses Messer Pond for one of its kayak trips.
- The Eastman, New Hampshire kayak group also uses Messer Pond annually for a group kayak trip.
- New Hampshire Audubon brings its summer classes to Messer Pond for outdoor learning experience trips.
- New London's Village Sports store regularly uses Messer Pond so that potential kayak/canoe customers can try out different water craft.
- Residents throughout the Kearsarge-Lake Sunapee region visit Messer Pond for kayaking and canoeing. With its abundance of wildlife, relatively small size, and absence of large powered boat traffic, Messer Pond is very popular with local area residents for peaceful outings.
- Families throughout New London ice skate on Messer Pond during the winter.
- Residents of New London use Messer Pond for cross-country skiing and snow-shoeing during the winter months.

The Messer Pond Protective Association, Inc. was formed in 1996 and incorporated in June of 1997. Its primary goals at that time were to monitor the water quality of the pond and educate

FORM 1023 CONTINUATION PAGES

the on-pond residents about proper sewer system maintenance in order to help protect the pond. Shortly after being established, MPPA also initiated a weed watch program, monitoring plant life on the pond to help ensure that no invasive plants entered the pond. For the next 10 years the primary activities of MPPA were the two pond protective programs (pond water testing and weed watching) and four annual social events as follows: an annual meeting for the election of officers/directors and voting on major pond related activities with an educational speaker; July 4th barbeque, September Boat Regatta (beginning in 2001), and an annual holiday gathering. As demonstrated in the narrative above, during the last 4 years the activities of the association have grown considerably and focus primarily on environmental, educational, and public access endeavors.

PART VI, Line 1b: FUNDS TO ORGANIZATIONS

MPPA sends funds annually to New Hampshire Lakes Association (NH Lakes) for MPPA's annual Lake Host™ program, which is comprised of both paid and volunteer lake hosts, as described on page 1. Paid lake hosts are temporary summer employees of NH Lakes. Their salaries and benefits are paid by NH Lakes. Using a complex formula which takes into account grant monies awarded from NH Lakes' Payroll Grant and in-kind contributions of volunteer lake host hours, NH Lakes determines the cash amount that MPPA must supply for NH Lakes to cover the payroll for paid lake hosts who staff Messer Pond's boat launch.

MPPA also sends funds annually in the form of membership dues to the following organizations: Loon Preservation Committee, Lake Sunapee Protective Association, New Hampshire Lakes Association and Ausbon Sargent Land Preservation Trust.

In the past MPPA has sent donations to the University of New Hampshire Cooperative Extension and the New Hampshire Department of Environmental Services Water Laboratory at Colby-Sawyer College.

PART VIII, Line 4a: FUNDRAISING PROGRAMS

Calendars: Since 2008, "On Messer Pond" calendars have been solicited to MPPA members via email and at the annual meeting and events. The public may also purchase "On Messer Pond" calendars from Morgan Hill Bookstore in New London, and they are available online on the www.messerpond.org website.

Tee-Shirts: Since 2000, MPPA tee-shirts have been solicited to MPPA members and potential members via the annual membership form, at the annual meeting and via email since 2005. The tee-shirts are also available online to both MPPA members and the general public.

Note Cards: Since 2000, Messer Pond note cards displaying an aerial view of the pond have been solicited to MPPA members and potential members via the annual membership form, at the annual meeting, at events and via email since 2005. The note cards are also available online to

both MPPA members and the general public.

Blueberry Bushes: Since 2008, blueberry bushes have been solicited to MPPA members to encourage the environmental best management practice of improving the shoreland buffer. Solicitations have been given via email and announced at events.

Food, Beverages and Flares: Since 2000, food and beverages have been solicited to MPPA members at the annual meeting. Since 2006, food, beverages and flares have been solicited to MPPA members and Messer Pond watershed residents at the annual Fourth of July Barbecue event. Solicitations have been given via mail, email and personal contact with watershed residents.

Donation Can at Events: At all MPPA pond events and public educational events, we make an announcement inviting new members and donations. MPPA brochures are offered and we provide a can for donations to the pond's environmental protective programs.

Membership Form: Our annual membership form, which is mailed, emailed and is online, requests both dues and donations for our capital reserve fund, fish stocking program, lake hosting program and water quality program. The form also allows for purchase of note cards and tee-shirts. This year we plan to expand distribution of the membership form to residents within the Messer Pond watershed (1422 acres).

Brochures: Our MPPA brochure, which requests both new memberships and donations, is given to boaters by lake hosts at the Messer Pond boat launch. Brochures are available at MPPA pond events and MPPA public educational events. Brochures are also available at the town Information Booth and at local real estate offices.

Grants: MPPA applies for grants from the town of New London and non-profit organizations for milfoil protection and shoreland restoration.

Planned: In addition to the above, we plan to sell a new collection of note cards based on our very popular "On Messer Pond" calendar. Once we receive the 501(c)(3) exemption, we will approach local businesses and organizations for donations.

PART VIII, Line 4d: FUNDRAISING LOCATIONS
